

Charter of Health Commitments of the Château de VIXOUZE

The Charter of Health Commitments was drawn up in the light of the recommendations made by the French public authorities and health authorities. The Charter is likely to evolve over time and can be adapted to the country's health situation. The Château's Charter of Commitments contains 5 chapters:

- Cleaning and disinfection of rooms and common areas
- Use and free distribution of prevention materials
- Control of food safety at the caterers
- Control of service and reception staff
- Secure night transfers (Gel)
